Interested in an exciting career, building the mechanical systems that move the many different products used to create the world we live in, and used in our everyday lives through the supply chain?

Conveyor Handling Company (CHC), a leading material handling systems integrator, is seeking entry level and experienced candidates to join our team of mechanical installation technicians.

Our technicians are responsible for installing conveyor equipment and building conveyor systems at industrial customer facilities, both locally and nationally. Individuals will be required to work independently, while under the guidance and supervision of the job Foreman. **This position requires out-of-town travel (approximately 25%)** with some project installation work taking place on holidays and weekends to meet customer scheduling requirements. We offer a very competitive salary with a rate of \$20-\$40/hour commensurate with experience. Our technicians have the opportunity to advance, and to earn a company vehicle for meeting training milestones and specific goals. For more information on CHC, visit www.conveyorhandling.com.

INSTALLATION TECHNICIAN REQUIREMENTS:

- **This position requires out-of-town travel (approximately 25%)**
